HELLO & WELCOME!

In this hundredth anniversary year of women's suffrage, we were proud to participate in the national PROCESSIONS project in June; look out for the *Women of Steel* banner in Kirkleatham Museum, and meet Women of Steel, young and old, across the Festival site. In a new partnership with Sustrans, we are encouraging more of you to cycle to and from the Festival and explore the Tees Valley.

In August, supported by Tees Valley Combined Authority, we commissioned artists to respond to the theme of VIEWPOINTS, encouraging visitors to see the Tees Valley and to change views about sustainability. Andy Hazell's *Cow Car* and Lucien Anderson and David Lisser's *Seed bike* took to the roads, while in St. Hilda's Church, Hartlepool Lee Berwick and Rob Olins created a new soundscape, *Sonic Anomaly*. Ian Kirkpatrick's large scale work, *Crossroads*, can still be seen in Middlesbrough's Bedford Street.

Working with Richard Dedomenici, we created *Atonement Redux* – a thrifty short film based on the one made on Redcar beach. See it during the Festival and online at www.festivalofthrift.com/atonementredux

We are proud to work with local and national artists and makers, community foundations, educational establishments and businesses to create the Festival of Thrift together.

This year we welcome new partners Redcar and Cleveland College and Stockton Riverside College, and thank our ongoing supporters; Redcar and Cleveland Borough Council, Arts Council of England, Tees Valley Combined Authority, Teesside University, Northumbrian Water, Square and SABIC who have helped us grow. Who knows, maybe there will be a hundredth anniversary of Thrift of in 2113!

STELLA HALL, FESTIVAL DIRECTOR on behalf of the Festival of Thrift Team

As part of the Great Place Tees Valley programme, Hartlepool Borough council commissioned Diane Watson, champion beachcomber, to produce new art works based on the theme of beach plastics. See them at #thriftfest

JOIN US ON A JOURNEY

OF ADVENTURE, LEARNING, LAUGHTER & ENRICHMENT!

Use this guide to help plan your journey through the Festival. We have 10 zones, jam-packed with lots of things to see, do and get involved in. Don't forget our Friday night launch event this year, kicking off the Festival in true party style!

Follow the signs and look out of maps on the Festival site and check which colour zone you are in. Keep turning corners and discovering new things!

If in doubt ask one of our wonderful volunteers and as ever The Ringmaster our badge-loving Master of Ceremonies will be on site too keep us in line with a wink and a cheeky smile.

LAUNCH PARADE

FRIDAY, 6.30PM, REDCAR SEAFRONT

Come and join in and kick off the big Festival weekend. The launch parade and party, which will be a celebration of the culmination of months of community workshops, projects and activity in the run up to the Festival, will take the Festival right to the heart of Redcar town centre on the evening of Friday 21 September.

We will be entertaining revellers into Redcar town centre and seafont, as a warm up to the Festival's big weekend of sustainable living, encouraging visitors to book in advance and stay the weekend. Produced by Stellar Projects, the parade will include *Mr. Wilson's Second Liners*, *Boom Bike* and an outdoor dance performance on bikes by *Bicycle Ballet*, and see a return visit by Russian company *Cardboardia*, whose quirky creations were a hugely popular feature with festival-goers at the 2017 event.

WE CAN LEAD A HORSE TO WATER BUT CAN YOU MAKE HIM DRINK IT?

We know drinking water is good for our health. We know that we have one of the highest quality drinking water's in the UK. We know single use plastic is bad for the environment. Taking a reusable bottle with you and topping up with tap water at a Refill station makes common sense. Right...?

Jonah Morris Sustrans Partnership Manager North talks to Festival of Thrift co founder and Sustrans advocate Wayne Hemingway about the opportunities we have we have to improve sustainable travel options for all. It's not just about cycleways (though these are important!) but rethinking how we all get from A to B and how our towns and cities are designed for easy access to all when we get there.

SO YOU CONSIDER YOURSELF AN ETHICAL CONSUMER? THINK AGAIN.

3pm, Sunday

You recycle, you avoid plastics, you choose sustainable fish and free range eggs, you've cut down on red meat... but is it enough? Could you be doing more? How do you decide where to draw the line? What price do you put on welfare? And how can you be certain that your good intentions don't have unintended and damaging consequences? Join Thrift food guru Simon Preston and guest panellists for a provocative and enlightening discussion that will explode some myths, challenge accepted thinking and encourage us all to reflect on the choices we make.

GETTING HERE

BY BIKE

Kirkleatham is on a cycle route with plenty of cycle parking onsite.

Cycling or walking to the Festival offers so much: it keeps you fit, it's fast, cheap, reliable and good for the environment too! Free cycle parking is available and Kirkleatham Museum is located on the National Cycle Network which is 14,000 miles of traffic free or quiet on road routes: www.sustrans.org.uk/ncn/map

BY BUS

From Redcar Central there are buses from the Railway Station Stand 2 bus stop in West Dyke Road in Redcar. 63 towards Middlesbrough, 81 towards Stokesley or, on Sunday only, 81A towards Guisborough.

BY CAR

The main approach road to Kirkleatham Village is the A174 'Parkway'. Follow the Brown signs. Parking around the site is controlled and all Festival goers should park in the Festival car park – there is no parking on roads or verges.

BY TRAIN

The nearest railway station is Redcar Central on the Middlesbrough to Saltburn line. If you have travelled by train and show your ticket on an Arriva bus you will receive a discounted ticket price to Kirkleatham (63 and 81/81A). Please see www.northernrailway.co.uk or www.connectteesvalley.com for all times and routes.

ACCESS We have an accessible car park on site. BSL (signers) from Becoming Visible will accompany all talks and several performances.

The site is very accessible for buggies, pushchairs and wheelchairs although some of the activities are on grass. The woodland areas have pathways mostly laid with gravel and edged for clearly marked routes. Most pathways will be wide enough for access. Please note the site does get busy! For more information on access visit the website or contact info@festivalofthrift.co.uk.
