14 & 15 SEPTEMBER 2019

LAUNCH EVENT REDCAR SEAFRONT 13 SEPT FROM 6:30PM

KIRKLEATHAM REDCAR TS10 5DW
FREE ADMISSION PARKING £5 PER CAR

HELLO & WELCOME!

In this anniversary year of the Moon Landing, we think about what we aspire to on our own planet, and how to look after it better. Of course we will be building our own DIY rockets, look out for *Whippet Up* (pg9) *Woodshed Workshop* (pg8) and *Little Inventors* (p12) but also looking at how we might live better together here and maybe welcome aliens from another continent – or even galaxy, see *Manic Chord* with their new show *The Unknown* (pg4).

Some of us on this part of the earth we call the Tees Valley are proud to call ourselves smoggies, but we have been steadily improving the air quality of our lovely area, so **CLEAN AIR** is an important theme for us in 2019. In May, supported by Tees Valley Combined Authority, we again commissioned artists to respond to the theme of **VIEWPOINTS**, encouraging visitors to see the Tees Valley in a new light and to change views about clean air and sustainability. Look out for **Andy Hazell's Cow Car** returning to open our Parade on Friday 13th joined by community groups including the Link and Anchor Housing and some extraordinary *Human Sensors* (dancers *Urban Kaos* choreographed by *Ruth Jones*) who will react to the levels of pollution in our atmosphere...

We have scheduled **VIEWPOINTS** to coincide with the Festival this year so head to the Palace Hub on Redcar's seafront for background to all the work, sited in Middlesbrough, Darlington and Redcar, and see **Peter Evans** large scale work *You see, breathe, feel* created with ink captured from diesel fumes. (See back page for details of all the other works)

We thank our ongoing supporters Redcar and Cleveland Borough Council, Arts Council of England, Tees Valley Combined Authority, Teesside University, The Square, Sabic and Stockton Riverside College and Redcar and Cleveland College who have helped us grow over the last seven years.

We are so proud to be working with them and with local and national artists and makers, community foundations, educational establishments and businesses small and large to create the Festival of Thrift together. We need support to continue to make that happen, so please contact us if you want to be part of the story.

START YOUR JOURNEY

COME TOGETHER TO CHANGE THE WAY WE LIVE AND PROTECT OUR PLANET.

Use this guide to help plan your visit through the festival. We have 3 zones, packed with things to see, do and get involved in.

Follow the signs and use the maps onsite and check out which colour zone you are in. Keep turning corners and discovering new things!

If in doubt, ask one of our wonderful volunteers and as ever *The Ringmaster* our Master of Ceremonies will be onsite to keep us in line with a wink and a cheeky smile.

JOIN IN, MAKE, EAT, PLAY, SHARE and LEARN with a host of activities and entertainment.

Around every corner of our magical site something different is waiting for you to discover and enjoy. Expect new discoveries, thought provoking performances and our special mix of hands on fun, food, music, dance and song.

TOP TIP

The site is large so make sure you check the map so you don't miss anything.

A THRIFTY PARADE

**FESTIVAL OF THRIFT 2019
A BREATH OF FRESH AIR
TIME: 6.30PM
DAY: FRIDAY
LOCATION: REDCAR TOWN CENTRE**

Our Thrifty parade will launch the seventh Festival of Thrift in joyful style, championing creativity and community in Redcar and spreading the Thrifty message of good living in sustainable ways. Led by Stellar Projects, the procession will include local community groups, professional performers and musicians, including last year's popular *Cow Car*, to restate the highly topical warning of the dangers of methane emissions, and dancers wearing *Kasia Molga's* extraordinary *Human Sensor* costumes, which measure and reflect diesel emissions in the atmosphere! Setting off from Kirkleatham Museum a cohort of bikes will make their way to the Community Heart, in Redcar town centre, where they will meet the walking parade participants. The parade will take the Festival through the heart of the town centre and along the sea front to finish at the bandstand.

Our very own Festival of Thrift Jam & Chutney Factory. Producing artisan jams, chutneys and soups – on-site, from your donated vegetables and fruit. Chopping, cooking, stirring, preserving, tasting, bottling and labelling, or just serving hot. Donate your excess fruit and vegetables or your time for chopping and preparing and together we'll produce some wonderful bottled preserves and lovely warming soup. Get stuck in and get sticky, chopping up strawberries (maybe eating a few too) for the yummy Festival of Thrift jam pot. Discover the magic of jam making and everyone gets little jar of deliciousness to take home.

OXGLAM FASHION SHOW

Time: 1:45pm **BSL**
Days: Saturday and Sunday
Location: Toasting Gate Field

Our world-famous sustainable fashion show *OxGlam* made possible with make up by *Stockton Riverside College Makeup* students and outfits designed by and donated by *Oxfam*. Back on the catwalk expect to see something surprising, inspirational and – of course – transferable to your own wardrobe. Looking a million dollars doesn't have to cost you. It's all about how you style it and how you let your individuality shine through. Vintage, second hand and upcycled clothes have long been the way that people stamp out their own style, it's the way that creative folks develop their sense of individual style. This year the themes are *Clean Air* and *The Moon Landing*, so the sky is the limit!

Bistro Du Van

SATURDAY WORLD CAFÉ™ TENT

WHAT CAN FASHION DO FOR PLANET EARTH?

Time: 11:30am

Wayne Hemingway will join Lynne Hugill, Course Leader Fashion & Textiles University of Teesside. We all engage with fashion due to the simple fact that we all wear clothes. The fashion industry plays a major part in the global economy, but it is one of the most polluting industries in the world. Come and find out about sustainable alternatives and innovations for a cleaner, fairer and safer clothing industry.

LITTLE INVENTORS – WHAT FUTURE FOR ENERGY?

Time: 1:30pm

Dominic Wilcox, Sunderland-born designer and inventor will present Little Inventors, a creative initiative that takes children's amazing ideas seriously and brings them to life working with local makers. From food waste to space travel, Little Inventors have tapped into children's creative powers to engage them with the issues of today. Dominic will launch the new *Pioneers Energy Challenge*, a project for children aged 8 - 12 to invent better ways to make, use, store and stop wasting energy. He will be joined by Arthur, aged 10, who invented the sun-tracking Supergrow 11000, as featured on the BBC's *Gardener's World show* for a cleaner, fairer and safer clothing industry.

SUNDAY WORLD CAFÉ™ TENT

EXTINCTION REBELLION

Time: 11:30am

The planet is in ecological crisis: we are in the midst of the sixth mass extinction event this planet has experienced. Scientists believe we may have entered a period of abrupt climate breakdown. This is an emergency.

In this public talk, climate speakers from Extinction Rebellion will share the latest climate science on where our planet is heading, discuss some of the current psychology around climate change, and offer solutions through the study of social movements.

WHAT DO YOU THINK ABOUT ZERO PLASTIC. ABSOLUTELY FANTASTIC? OR WAY TOO DRASTIC?

Time: 1:30pm

We used to love plastic. Now, thanks to oceans of litter, the tide of public opinion seems to be turning. But are the alternatives really more sustainable? And can we honestly expect the food in our fridge to be just as good and safe to eat? Join Festival food guru Simon Preston and guest panellists for a provocative and enlightening discussion exploring the environmental choices facing us all.

WORLD CAFÉ™

Time: 3pm

Days: Saturday and Sunday

Location: Toasting Gate Field

FREE
TICKETS

Tees Valley Nature Partnership are holding a World Café™ to discuss the state of nature and what to do about it! How we can think global and act local to help create a green and hopeful future – starting now. If you're aged 11 years and up, we want to hear what you have to say! The World Café™ is a safe, fun and inclusive forum, we'll discuss; species and habitat loss, climate change, pollution, plastics, along with creative and practical solutions. You might start a global movement!

Times: 11am and 2pm
Days: Saturday and Sunday
Location: Adventure Playground

The story of a trio of innocents continuously buffeted by fate – 3 characters torn out of the pages of a book, Candide and placed in an unfamiliar, unstable world. There's a wilderness, the growth of civilisation, territorial disputes, war, a flood, a miraculous get-away, bad weather, hell and a happy ending that isn't what it seems this puppet/object theatre show will be presented with all the visual panache and wit expected from the **Whalley Range All Stars**. The company is working with D/deaf artists in order to bring an additional and different perspective to the goings on.

ZOO HUMANS – URBAN PLAYGROUND

Times: 1am & 2:45pm
Days: Saturday and Sunday
Location: Kirkleatham Museum Garden

BSL

Set in a future where we have forgotten how to move. They must decide to risk their comfort for freedom beyond the confines of a cage. Zoo Humans sees The UPG Team bring their distinctive performance-parkour and Attenborough's narrative to a group of humans on the verge of forgetting how to move. As they slowly become aware of the artificial world in which they're living, they must decide if they'll swap touch-screens for human contact and risk the comfort of their cage for the lure of the great outdoors. Through a unique language of dance at speed and height, they ask, what will it take to get us moving again, before it's too late...?
